

Workshop director

Sanitary Handling in Cases of Eco Accidents

Maja Dragosavac is the head of Department for Projects, Development and Health Technologies at the Croatian Institute of Emergency Medicine and the head of Department of Information, Research and Media of the Ministry of Health's Crisis Headquarters. As a member of the Crisis Headquarters, she took an active part in the healthcare system's response to the effects of floods in the Republic of Croatia in 2014, and she was one of the healthcare coordinators for migrants in the Opatovac and Slavonski Brod refugee camps during the migrant crisis in 2015 and 2016. She is one of trained experts for the coordination of the EU Civil Protection Mechanism. She received a scholarship from the European Commission and

holds a Master's degree from the interdisciplinary programme „European Regional Master's Degree in Democracy and Human Rights in South East Europe (ERMA)“. Prior to working in the healthcare sector, she gained professional experience during several years of working with clients and projects in the field of market communications..
